OFFICIAL ORGAN OF THE CITY

ARDMORE, TUESDAY, NOV. 21.

From all surface indications something will drop soon after the assembling of Congress in December and that something will strike the Indian territory.

EVERY United States citizen residing in the Indian Territory should feel a deep interest in the affairs of this country. Never in its history has so much been at stake. If their interests are not fully set forth they are very likely not to be protected.

THE recommendations of the Dawes Commission relative to a division of the Territory attaching the major portion of the Chickasaw Nation to Oklahoma with immediate statehood, do not meet with our approval yet if Congress sees proper to so enact the ARDMOREITE will accept it as the lesser of two evils. We have always and we believe with consistency, opposed an amalgamation with Oklahoma. We are still confirmed in our opposition but realizing that, even such an end would be an improvement over existing conditions we accept it as the most speedy solution of the complex problem with which this country is confronted. A change is to be devoutly hoped for and we believe it will come and that speedily.

If the powers that be decree that it is best for the general good that this section become a part of Oklahoma, a democratic Oklahoma and not the tail to a Kansas kite, we will be found in the ranks of harmony. On with your work of bringing about the change.
